

Jewish students of *1. Reformklasse B des Reformrealgymnasiums* in Nuremberg 1932/33

The photo below depicts 33 students of a Nuremberg secondary school and their head teacher Dr. Konrad Kupfer in the term of 1932/33. According to the annual report of the *Reformrealgymnasium* (today named after its most famous Jewish student, the Nobel Prize winner Richard Willstätter) 22 of them were Jewish (see lists on page 2).

Having obtained this unique visual document from Mrs. Netta Goldsmith (UK), wife of the late Ernest Goldsmith (born Ernst Goldschmidt, see #4) we are trying to reconstruct the biographies of those boys to exemplify their generation who was persecuted, driven out from Germany or killed in the Holocaust. To this purpose we ask anyone who knows one of them to contact us (email: [info\[at\]testimon.de](mailto:info[at]testimon.de)) and forward the pertaining information. In case of doubt we may provide enlargements of the individual faces.
